EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. The application has been amended as follows:

In claim 1, line 12, the term - - together - - is inserted right after "off".

Claim 11 is canceled.

In claim 17, line 1, "11" is changed to - - 12 - -.

3. Authorization for this examiner's amendment was given in a telephone interview with Mr. Ronald V. Davidge on November 24, 2006.

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Linde, Bilir, Thornblad and Kurikko are made of record to show various types of computer systems having a peripheral device utilizing more than one power supply systems. However, none of the cited references teach or suggest singly or in combination having a computer system including a system unit having a power supply system, an electrical connection, a peripheral device connected to the system unit and having its own peripheral power supply system and a main power switch for controlling both power supply systems to turn on or off together in the manner prescribed in the claims.
